THE BEST CHOICE IN
GUTTER FILTRATION

State-of-the-art Technology
makes gutter cleaning a thing of the past...

- ✔ Durable & long lasting
- ✔ Keeps gutters clean and protected
- ✔ Lifetime Manufacturer's Warranty
- ✔ Designed and assembled in the USA

The aluminum frame organically prevents moss and mildew; the louvered design allows air flow and prevents dirt build up.

The raised screen technology deflects debris by lifting it off the screen and allowing air and water to flow under and brush off debris.

Patented Chevron pattern captures max water flow, slowing water runoff from your roof to flow through the screen, not over your gutter.

FEATURES & BENEFITS

DEBRIS EASILY
SHEDS OFF

OPTIMIZES
WATER FLOW
